

CS111L – Programming Fundamentals

LAB # 01

VScode Installation

—

Student Name: Athar Imran

Student ID: 2604277

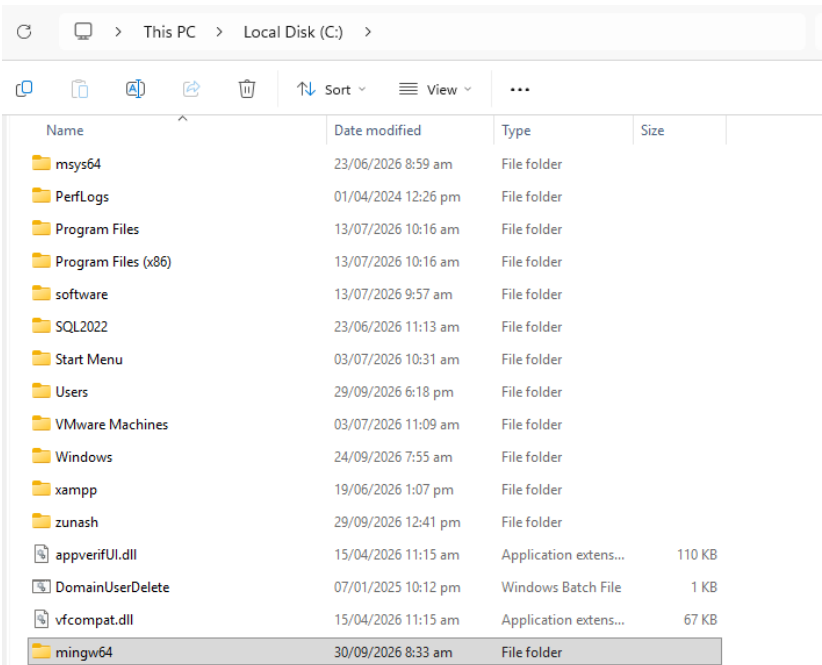

Assignment Date: 22th September, 2026

Assignment done: 26th September, 2026

Due Date: 02nd October, 2026

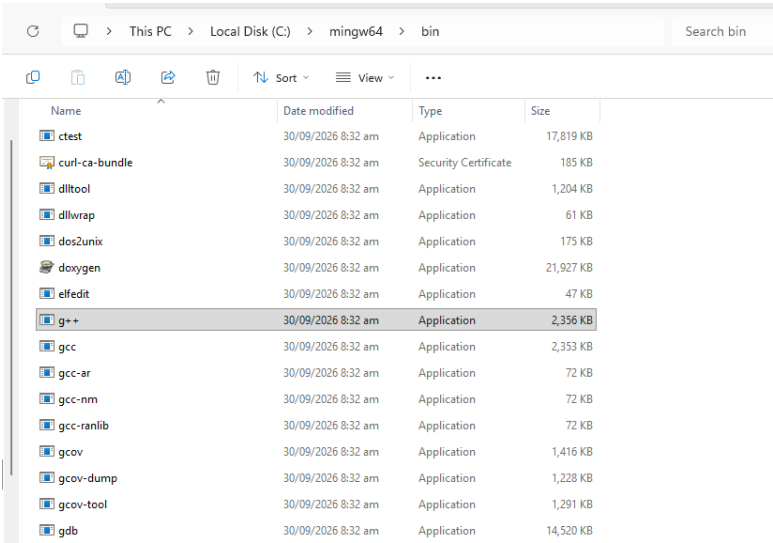

MinGW:

I have downloaded minGW from given source and placed in in C:/.

G++ Version.

VSCode

As I am using Kali Linux, and it comes with pre-installed VSCode and it's complete setup, so here is the screenshot of the workspace:

And for the installation understanding, I have already installed VSCode and MinGW etc several times on my PC in ICS.

Printing all data types:

main.cpp

```
1 #include <iostream>
2 using namespace std;
3
4 int main()
5 {
6     int a = 10;
7     float b = 10.5;
8     double c = 20.55;
9     char d = 'A';
10    bool e = true;
11    string f = "Hello";
12
13    cout << "Integer: " << a << endl;
14    cout << "Float: " << b << endl;
15    cout << "Double: " << c << endl;
16    cout << "Character: " << d << endl;
17    cout << "Boolean: " << e << endl;
18    cout << "String: " << f << endl;
19
20    return 0;
21 }
```

Output

```
Integer: 10
Float: 10.5
Double: 20.55
Character: A
Boolean: 1
String: Hello
```
